

A LITTLE KINDLY DEED.
As a little seed may lodge within
A garden we have tended,
And bear a sweet, belated flower
When garden glory's ended,
So, too, a little kindly deed,
By the deer all unheeded,
May bring him fragrant flowers of joy
In a day when joy is needed.

THE UNION MEETING

Rev. Dr. J. B. Ely to Be Here First Day of February

Of late years it has become more and more a custom to conduct general Gospel Campaigns in our cities and large towns. In such work the spiritual unity of God's people of all denominations is beautifully realized and great good has been accomplished in many places in deepening the spiritual life of Christians and reaching the unsaved. Notably was this the case in Pittsburgh last winter and at Atlanta during the fall of this year.

There are men approved of God, thoroughly trained and acceptable to the Churches, who give themselves wholly to such general work. Among these is Rev. Dr. J. B. Ely of Philadelphia, who is now under contract to conduct a meeting in Maysville. He expects to begin work here on the first day of February, 1905, continuing for two weeks or longer if Providential indications demand it.

He will bring with him Prof. T. Williams Pearman to sing the Gospel and lead the choir to be organized here.

Thorough organization and systematic work is the rule nowadays of such meetings. Following the usual plan, an Executive Committee has been organized here, consisting of the Pastors and one man from the membership of each Church. The various sub-committees—the Workers' Committee, Music Committee, Committee on Finance, Cottage Prayer-meetings, the House, Advertising—have been placed under the leadership of efficient Chairmen, and a constant effort is made to turn the minds of the people of our town more and more towards the work in February.

It is greatly desired that the various Lodges and Unions of our city will bear the matter in mind and in every way lend their aid, and that all our citizens will, in their plans and arrangements, seek to co-operate in making a genuine success of a movement whose only aim is to bring a blessing to all classes in our community.

To this end the prayers of all, as the most potent means of securing the desired ends, are earnestly desired by the Executive Committee.

Yesterday morning James N. Kirk shipped ninety head of as fine Christmas cattle as ever went to the Eastern market. They were fed by Ben Marshall, Henry Day and E. T. Rees. This bunch was of the blue ribbon kind and will bring a fancy price.

After providing for his just debts and funeral expenses, Ambrose D. Owens has, by will, bequeathed to his daughter, Mrs. Nancy E. Bullock, all the property he may possess at his death. In consideration of same Mrs. Bullock is to care and provide for him as long as he may live. He further provides that should his estate realize more than will liberally compensate Mrs. Bullock for her trouble and expense then the residence is to be divided between his two other daughters.

A document purporting to be a marriage license bearing the names of William Craven and Miss Neely Ghuy was picked up on a street-car last evening and handed in at The Ledger office. There's a queer make up about it, inasmuch as it bears date of December 25th, 1904, and the marriage certificate attached is regularly made out as though the ceremony had been performed on the same day. County Clerk Wood's name, as well as that of Deputy Circuit Court Clerk Bernard Pollitt, together with the name of a Minister of the Gospel, is inscribed on it. The rightful owner can get his lost document by calling at this office.

Mr. T. K. Ricketts, Sr., Talks About the Old Playhouse

The venerable citizen, Mr. T. K. Ricketts of Sutton street, is now in his ninety-sixth year.

He is erect in his carriage and has all the mental activity and sprightliness of his earlier years.

He read our recent article on the Old Playhouse and has a perfect recollection of the Elder Booth's appearance on the Maysville stage in the part of Richard the Third.

Mrs. Drake, he says, was one of the handsomest women he ever saw.

Before the erection of the Old Playhouse "The Wandering Steers" appeared in the dining-room of the old Goddard House in Market street, and afterwards in the annex or auditorium of the Entaw House, the Proprietor, Mr. Powling, being the Manager of the theater.

It will be seen that Mr. Powling anticipated the theatrical scheme of the Waldorf Astoria and Chicago Auditoriums.

IN CONSTANT MISERY

Relief Comes at Last to a Maysville Citizen.

After years and years of constant misery from backache and the many annoying complications that accompany sick kidneys a citizen of Maysville finds relief and cure. The public statement which follows will help many a reader.

Mr. J. B. Roper, proprietor of the inn and restaurant, 125 Market street, says:

"Doan's Kidney Pills which I procured at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets do all that is claimed for them and do it promptly and thoroughly. From personal knowledge I cheerfully testify to their value and effectiveness.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. The principal fruits imported into the United Kingdom are oranges and apples. In 1903 imports of oranges amounted to 6,176,752 cwt. (of 112 pounds each), and imports of apples to 4,596,546. Of the oranges almost 89 per cent. came from Spain; the next most important sources of supply were Turkey and Italy, the former furnishing 4.3 per cent. and the latter 3.7 per cent. Of the apples upwards of 52 per cent. came from the United States and over 33 per cent. from Canada.

Automobile makers are beginning to worry already over a possible substitute for rubber for tires. It is claimed that the demand for this material has increased rapidly the last few years, the importations into the United States alone the last year being \$9,000,000 over those of 1903. This means, it is said, that rubber trees are being over-axed and that there is danger of their dying out. The consumption of rubber for vehicle tires is phenomenal in its magnitude.

Be A Real Woman.

No. 505 Peace Avenue,
HOUSTON, TEXAS, May 14, 1905.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Charles Mason
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

Secure a bottle of Wine of Cardui today.

All druggists sell \$1.00 bottles Wine of Cardui.

EDGER.

The Rev. T. Devitt Talmage says—

"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."
